

ENVIRONMENTAL RESOURCE CENTER presents:
Spring Exploration Series

April 5 - May 18, 2017

Each spring, the ERC brings experts from various scientific fields to all 2nd and 3rd graders in Blaine County's public and private schools to present on a variety of scientific topics. Approximately 650 children attend these interactive visits each year. This program is offered FREE of charge to schools and is entering its 19th year!

April 5, 6: Reducing and Reusing

Alisa McGowan · ERC

April 19, 20: Raptor Life History and Interspecies Interactions

Curtis Evans · The Peregrine Fund

April 26, 27: Hagerman Fossil Beds' Unusual Fossils

Annette Rousseau · Hagerman Fossil Beds

May 3, 4: Conservation Dogs

Pete Coppolillo & Melissa Steen
Working Dogs for Conservation

May 10, 11: Idaho Wetlands

Rachael · Zoo Idaho

May 17, 18: Force and Motion

Alana Jensen · INL ESER Program

Thank you to these local organizations for their support of the Spring Exploration Series:
